Subject: Sahtu Land Use Plan - Consultation section

Good morning!

I appreciate you have already sent on comments, but just in case here was my two cents worth.

Under Actions #2 and #3, they are left generic enough, but we should ensure this includes defining any of our own undertakings (as opposed to just those in which we issue authorities for) e.g. research. This being said, I see consultation requirements are noted under "Research" page 88. Perhaps this should be cross referenced under this section.

There is no defined time frame for this to occur. I assume this was done deliberately. Perhaps before the review date of the plan?

Trevor
